Professional Summary

Frontend Developer with hands-on experience building scalable web applications using React.js, TypeScript, Next.js and modern UI frameworks. Experienced in developing production-ready interfaces, integrating REST APIs, and implementing authentication systems. Currently contributing to an AI-powered SaaS job platform, focusing on performance, maintainable architecture, and user-centric design.

Professional Experience

Frontend Engineer, NidusLab – USA April 2025 – Present

- Developed and maintained a scalable job portal platform with responsive UI using React, Next.js, and Tailwind CSS, serving both employers and candidates.
- Collaborated with backend and product teams to deliver key features including job posting, applicant tracking, and AI-powered tools.
- Optimized application performance and user experience through efficient state management and API handling.

Technical Skills

Programming Languages: C, JavaScript, TypeScript,

Frontend: React.js, Next.js, HTML5, CSS3, Tailwind CSS, Daisy UI, Material UI, Ant Design, Shadcn UI, Chakra UI

Backend & APIs: Node.js, Express.js, REST APIs

Database: MongoDB, MySQL

Tools & Technologies: Git, Github, Figma, Vercel, Netlify, Firebase, CloudFlare

Soft Skills: Problem Solving, Communication, Team Collaboration

Projects

AI-Powered NidusJob Live Demo

- Faced complex state synchronization issues between multiple dashboards (Employer, JobSeeker, Admin); solved using TanStack React Query with efficient caching and query invalidation.
- Implemented secure authentication flows (JWT, OAuth, OTP) and handled protected routes; resolved token expiration and session persistence issues.
- Optimized performance for large job listings and applicant data by implementing lazy loading, pagination, and API optimization, reducing load time significantly.
- Integrated multiple AI-based REST APIs (resume builder, CV parsing, recommendations); handled inconsistent API responses with proper error handling and fallback UI.
- **Tech:** React, TypeScript, Chakra UI, Python, Django, Postgresql,

Education

Diploma in Computer Science & Engineering

Sept 2019 – December 2023

- CGPA: 3.79/4.0

Courses & Certifications

Web Design & Development

January 2023 – June 2023

Programming Hero
